SHOOTS CAN INTO HIS FACE. Hyrum Thomas Hurt in Preliminary Fourth of July Exercises.

Hyrum Thomas, a lad 12 years of age, and brother to Jailer Thomas, injured himself yesterday afternoon while engaged in some preliminary Fourth of July exercises. He purchased a pound of powder which he put in an empty tin can. The desire soon struck him to see how high the powder would shoot the can, and acting on that impulse he touched a match to the explo-sive substance. In a moment he was erapt in a cloud of smoke and scream ing terribly. When the powder exploded the can was blown into Hyrum's ace and a severe cut over his right eye vas inflicted. His face was also burned by the powder, but he fortu-nately escaped without any injury to his eyes. He pluckily placed a handercluef over his face, and went to ck up a doctor. He found Dr. Beer in his office, who sewed up the gash and dressed the other injuries, which though painful are not serious.

POLICY OF THE RIO **GRANDE WESTERN**

President E. T. Jeffery Announces Three Important Changes.

TO BE OPERATED FROM HERE

S. H. Babcock, Assistant General Traffic Manager; A. E. Welby Remains Gen. Supt. of Utah Hoad.

President Edward T. Jeffery of the Rio Grande Western and the Denver & Rlo Grande came to Salt Lake last evening on the special train which was made up of the "Ballyclaire" of the Denver & Rio Grande, and cars A and B of the Rio Grande Western. After remaining in Salt Lake over night the party continued on their tour of inspection early this morning up the main line to Ogden and returned later to run up to Park City, where the special will remain over night. In the party are President Jeffery, General Manager J. G. Metcaif, Traffic Manager A. S. Hughes of the Denver & Rio Grande, Vice President and General Manager D. Dodge, General Superintendent A. E. Welby, General Traffic Manager S. H. Babcock, Chief Engineer E. J. Yard and G. W. Kramer of the Rio Grande West-

President Jeffery upon his arrival here announced that while it is early to enumerate the changes which will occur under the consolidation of the Utah and Colorado lines at the same time he had three changes in mind which would be officially announced in a circular July 1. These would be, he said, the extension of the jurisdiction of Mr. Metcalf as general manager over the Rio Grande Western in the place of Col. Dodge, who resigns next week; the extension of the jurisdiction of Mr. Hughes as general traffic manager of both roads and the appointment of S. H. Babcock as assistant general traffic manager over the combined lines, The other officials of the Rio Grande Western, said Mr. Jeffery, would continue as they have done in the past. Mr. Welby would continue to be gen-eral superintendent over the Utah system and Mr. Yard would act in the capacity of chief engineer as hereto-

In regard to the other officials Mr. Jeffery contented himself with the statement that there would be changes and that of the Utah road would continue to be operated from Salt Lake City, all of which will be good news to the residents of this city.

Mr. Jeffery stated that the daylight tour of inspection of the Rio Grande Western had developed the fact that the road was in a splendid physical condition and that Utah generally gave evidence of prosperity. With the re-union of the two roads, he said, much would be accomplished toward the mutual upbuilding of the two states which would be most materially affected by the joint traffic arrangements.

Before proceeding to Ogden the party union depot, but upon the topic which is of such vital importance to the citizens of Salt Lake President Jeffery had nothing to say at this time. It can be safely asserted, however, that the new president of the Rio Grande Western was not vastly impressed with the present depot facilities of the road here.

BOUGHT BOTH COMPANIES.

Pennsylvania Road has also Purrchased Cambria Steel Co. Plant.

New York, June 26.-The advices from Philadelphia that the Pennsylvania Railroad company, which recently purchased the Pennsylvania Steel company, has also acquired the Cambria Steel company, are confirmed by Judge Gary, chairman of the board of United States Steel corporation, who said: "President A. J. Cassatt, of the Penn-

sylvania Railroad company, voluntarily stated to me a few days ago that his people had purchased both the Cambria Steel company and the Pennsylvania Steel company, and at the same time assured me that it would be the dis-position of these companies to operate in entire harmony with the United States Steel corporation. Basing my statement on previous business trans-actions with Mr. Cassatt, I am pleased to say his assurances are received with perfect confidence and entire sctisfaction. None of the interests of any of the steel companies will be preducied by reason of these purchases.

DR. GARDNER DISCHARGED. Flimsy Charge Against the Butte Phys

sician Exploded in the Police Court.

It was late yesterway afternoon when the Gardner assault case was concluded in the police court. After listening to the slim evidence of the prosecution and the straightforward declaration of little Florence Hansen the child alleged to have been assaulted, the court could do but one thing and that was to discharge Dr. Gardner. In summing up the case Judge Tim-

mony took occasion to rebuke the police department in no very gentle terms for what he considered the hasty actions of an over zealous officer in hauling an innocent man into court on mere suspicion. Chris Diehl conducted the prosecution and Dr. Gardner's interests were looked after by Attorney Hutchinson. The investigation consumed consider time. The child positively denied the doctor had

taken any imp O Co erties with and also denies, asour she made the statement to On ker rown which he asserted she did. The most that the prosecution could show was that Dr. Gardner stated to Officer Brown and Chief Hilton that he was passionately fond of children.

Timmony said that he was convinced of the defendant's innocence upon the child's statements alone. "The court has no hesitancy whatever in saying that a grievous mistake has been made in this case. If a man who has no children is not permitted to lay ish his affections upon other little ones without being jerked into court on vile and serious charge, then God help

us. The defendant is discharged.' NEW CATALOGUE OF CHURCH WORKS

RECOGNIZED AT WASBINGTON,

The only instance on record of a ost office being named after a patent medicine, was last year, when in Wetzel County, W. Va., a new post office was established and named Kodol, after the famous Kodol Dyspepsia Cure, manufactured by E. C. DeWitt & Co. of Chicago. It had given such satisfactory results that the name was unanimously selected by the people for the new office and adopted by the de-partment at Washington, D. C. This action was entirely voluntary on the part of the people of the community, without any solicitation whatever from the manufacturers of Kodol Dyspepsia Cure. In fact the first knowledge they obtained regarding the matter was when they received a letter bearing the post mark "Kedol, W. Va.." and the contents fully explained the circum stances.
